

PAPER PLATE BASKET INSTRUCTIONS

Step 1

Fold paper plate in half, then fold in half the other way to create four quarters as shown above.

Step 2

Turn plate over and fold over about 1/2 inch of alternate sides as shown above.

Step 3

Turn plate over again, and crimp the ends of the plate in as shown. Also, bend upward the sides previously folded in step 2.

Step 4

Using one 8 1/2" by 11" sheet of paper or construction paper, fold in half three times lengthwise to form a thick strip to use as a handle. Fasten handle to folded sides using a stapler.
