

# SUNDAY SCHOOL TAKE HOME PAGE

*To parents:*

This page lets you know what your child learned in Sunday school today. In addition, you will find this week's memory verse, a suggested activity, and a short prayer to reinforce the lesson. Being involved and interacting with your child can be very rewarding for both of you.

## What we learned:

Today, we learned that God is a God of miracles and His power and might are revealed in so many ways. No one but God could part a sea. He also does many powerful things for us each day. He brings the sun up in the morning, he showers the earth with rain and makes the trees grow. He even created gravity to keep us from accidentally flying into outer space. (Scripture used: Exodus 14:5-31)

## Memory Verse:

**Happy is the man that feareth alway: but he that hardeneth his heart shall fall into mischief." Proverbs 28:14 NIV**

Practice this verse again with your child during the week. This will not only help them remember the verse, but it will also help to reinforce what they learned during class.

## Suggested Parent/Child Activity:

Select one day this week to take a walk with your child in a park or along a trail. As you do, talk about the things you see and discuss how they are miracles from God. How tall the trees grow without falling down, how birds find their way back to their nest, how squirrels know to gather extra food to last the long winter, and so on. Take turns spotting something, while the other person must explain how or why it is truly a miracle.

## Daily Prayer:

Heavenly Father, You are truly an awesome God, a God of power and might. Your miracles can be seen everywhere. Thank You for the rain, the rising sun, for gravity, and all the other miracles You perform every day just for me. Thank You Lord for working miracles in my life, especially the miracle of your Son, Jesus who came to save me. Amen.
